

FINAL PROJECT EVALAUTION SPRING 2002

Circle one: I teach at the : ELEMENTARY MIDDLE HIGH SCHOOL level.

State how you did or did not meet *your* project goals. Explain briefly how your goals may have changed and why.

Given your grant goals, how did your students actually participate in creating their portfolios?

As a result of this project,
how have your views of developing K-12 portfolios changed?

As it relates to this project,
what do your students' portfolios say about you as a teacher? about the art curriculum?

As a result of this project,
have you used the portfolio to assess your teaching (formally or informally)? If yes, what did you realize?

What is the most important thing that you learned from this project?

As a result of this project,
what do you think other art teachers could learn from your experiences in creating K-12 electronic portfolios?
