

**Fall 2010 Listening Sessions
Discussion Questions**

1. What responsibilities would you assign to the service learning and engagement coordinator to help achieve our 2015 goals for participation in these activities?
2. What additional learning communities should we be starting in the next 5 years?

Existing Learning Communities

Residential Learning Communities (linked courses plus living):

- Green Living Learning Community
- Art & Design Living Learning Community
- Art of Life Learning Community
- Applied Science Living Learning Community

Non-Residential Learning Communities (linked courses):

- Early Childhood Education Learning Community
- ASPIRE to Educate
- ASPIRE to a Career Choice
- The Google Generation

Invite only – Residential Learning Communities:

- Stoutward Bound
- Springboard
- ASPIRE-Bridge
- Honors Living Community

3. What are your ideas for how we can integrate sustainability into the curriculum? Your ideas might include classroom experiences, research projects, or general education courses, etc...
4. What are your ideas for energy conservation policies that we should implement at UW-Stout? Previous suggestions have included building temperature, lighting, office equipment/personal appliances, building hours policy, lights off policy, vehicle idling policy, and a computer energy conservation policy.
5. What previous initiatives, from Plan 2008 or other action plans, have led to improvements in retention and/or graduation rates for minority students?
