

Listening Session 2010 Comments

Open Session 3

What responsibilities would you assign to the service learning and engagement coordinator to help achieve our 2015 goals for participation in these activities?

- Help faculty and staff know how to incorporate service learning into their curriculum
- Ask clubs and orgs to do community service in order to receive their funds
- Working with club advisors to encourage service learning
- Be liaison between faculty and organizations
- Identifying opportunities for service learning and push ideas out to designated people

What additional learning communities should we be starting in the next 5 years?

-

What are your ideas for how we can integrate sustainability into the curriculum?

- NTLC could be involved
- Have workshops and bring outside speakers in

What are your ideas for energy conservation policies that we should implement at UW-Stout?

- Students on north campus should know about availability of bus service

What previous initiatives, from Plan 2008 or other action plans, have led to improvements in retention and/or graduation rates for minority students?

- Math Teaching and Learning Center – expand to science area, including physics
