FOCUS 2015 University Priority

One to two sentences summarizing the answer to the question: *“What issue are you trying to solve?”*

Possible University Priorities to advance the FOCUS 2015 goals were solicited from all faculty, staff and students. In addition, the SPG reviewed FOCUS 2015 progress updates, facts and figures and emerging issues. The Strategic Planning Group also received updates from the groups assigned as responsible for the fall 2009 priorities.

A list of possible University Priority ideas was developed based on the above data and information, and was presented to the SPG on 6/21. Small groups made recommendations as to which items should move forward as a University Priority in fall 2010.

The Chancellor reviewed the recommendations from the small groups and selected the following as the University Priority for fall 2010:

- Develop a proposal to coordinate all service learning and civic engagement activities.

This item was selected for the following reasons:

- Builds on the work that began on the fall 2009 University Priority in this area.
- UW System tracks participation in learning communities and civic engagement activities in the accountability report.
- UW-Stout has FOCUS 2015 targets for these metrics.
- These initiatives will assist in attaining 100% participation in experiential learning by all undergraduate students.
- Was selected as a priority for this small group.
- Aligns with the Educational Attainment proposal submitted by UW-Stout.

Process Measures:

Identify no more than two process measures when answering the question:

“What information will be collected to assess successful deployment of the action plan?”

Performance Indicators:
