II. Health Hazard Data
Ammonia is a severe irritant of the eyes, respiratory tract and skin. It may cause burning and tearing of the eyes, runny nose and chest pain. Exposure of the eyes in high concentrations may produce temporary blindness (cataracts and glaucoma) and severe eye damage. Exposure of the skin may cause burning and blistering of the skin.
First Aid – External: Flood with water, then wash with vinegar.
Internal: drink large quantities of milk or water. Do not induce vomiting. Call physician immediately.
Eyes – wash repeatedly (10 to 15 minutes) with warm water. Call physician immediately.
Inhalation: If effects occur, remove victim to fresh air. Call physician.

III. Hazardous Ingredients
Ammonia – CAS #: 7664-41-7
OSHA PEL Unit – 35 PPM *STEL
Note: *Exposure limits Ammonia Gas given.

IV. Special Protection and Precaution
Keep out of reach of children.
Avoid contact with eyes, clothing, or prolonged contact with skin.
Do not mix with bleach or toilet bowl cleaners.
Do not use on aluminum.
Use with adequate ventilation.

V. Transportation and Regulatory Data
DOT Proper shipping Name: Not Regulated
DOT Hazard Class (if applicable): Not Applicable
DOT Emergency Response Guide No. 60

VI. Spill or Leak Procedures
Spills: Dilute with copious amounts of water, ventilate area (open doors, windows, ventilation fans, etc).
Waste Disposal: Unless prohibited by State, Local or Federal regulations, waste may be disposed of by diluting with large quantities of water and washing into sewers.

VII. Reactivity Data
HAZARDOUS POLYMERS: Does not occur.
STABILITY: Stable.
This material reacts with alkali metals, copper, bleaches, and toilet bowl cleaners.
Avoid contact with nonferrous metals.
Other conditions to avoid: Heat.

VIII. Fire and Explosion Data
Flash Point – Non-Flammable.
Extinguishing Media: Water fog to control vapors.
Wear full protection clothing and SCBA.

IX. Physical Data
Specific Gravity: (H2O = 1) – 0.990
Solubility in Water: 100%
NH3 (Ammonia): –2%
NH4OH (Anhydrous Ammonia): –4.26%
ph: 11.8
Appearance and Odor: Clear or slightly opaque with ammonia odor.

Data Supplied is For Use Only With Occupational Safety and Health Date Prepared: July 10, 2000.
