In case of emergency, call:
William R. Allen Sr.
(219) 393-5536

SECTION 1: PRODUCT IDENTIFICATION

TRADE NAME: HUMIDIFIER WATER TREATMENT
DESCRIPTION: An aqueous solution of water treatment chemicals.

SECTION 2: HAZARDOUS INGREDIENTS

None of the ingredients are considered hazardous under OSHA's Hazard Communication Rule, 29 CFR 1910.1200.

SECTION 3: PHYSICAL AND CHEMICAL PROPERTIES

Description: Light blue liquid with a characteristic odor.
Boiling point (F): >212
Melting point (F): <32
Vapor pressure (mmHg): ND
Vapor density (air=1): ND
Evaporation rate (water=1): ca 1
Specific gravity (water=1): ca 1
Solubility in water: completely
pH: 5
ND=NO DATA, NA=NOT APPLICABLE, ca 1=about 1

SECTION 4: FIRE AND EXPLOSION HAZARD

Flash point and method used: will not burn.
Extinguishing media: NA
Special hazards and procedures: none.

SECTION 5: CHEMICAL REACTIVITY

Stable. Hazardous polymerization cannot occur.
Conditions to avoid and chemical incompatibilities: none.

SECTION 6: CHRONIC TOXICOLOGY

No reports of carcinogenicity have been found in NTP, IARC or OSHA listings.
HUMIDIFIER WATER TREATMENT

SECTION 7: HEALTH HAZARD

This solution may be irritating to eye and skin and may cause temporary eye discomfort if splashed into the eyes. Contact is not known to exagerate any medical conditions.

SECTION 8: FIRST AID

Contact with eyes: flush with water for 10-15 minutes; call physician if symptoms persist.

Contact with skin: wash off with soap and water.

Ingestion: give water; call a physician.

SECTION 9: PRECAUTIONS FOR SAFE STORAGE, HANDLING AND USE

Safe storage: store out of reach of children.

Safe handling: avoid contact with eyes and skin. Remove and launder contaminated clothing.

Safe disposal: dispose of unused material and empty containers at an approved facility in accordance with any applicable regulations under the Federal Resource Conservation and Recovery Act, and State and Local regulations.

SECTION 10: IN CASE OF SPILL

Protect eyes and skin from contact with material during cleanup. Goggles are recommended. Collect spilled product on a solid absorbent; sweep up and place in an appropriate chemical waste container. Flush spill area with water.

Observe all Local, State and Federal laws and regulations regarding disposal, spill, cleanup, removal or discharge.
