Material Safety Data Sheet

OOMOO™ Series

Date Of Preparation: April 12, 2007
Revision: 0005

Section 1 - Chemical Product and Company Identification

Product/Chemical Name: OOMOO™ Series Part A
General Use: Silicone Elastomer
Manufacturer: Smooth-On Inc., 2000 St. John St., Easton PA 18042
  Phone (610) 252-5800, FAX (610) 252-6200
Emergency Contact: Chem-Tel
  Domestic 800-255-3924
  International 813-248-0585

Section 2 - Composition / Information on Ingredients

Section 3 - Hazards Identification

Potential Health Effects

Primary Entry Routes: Dermal
Acute Effects Inhalation: This is a viscous fluid that does not easily form a mist or vapor and, therefore, inhalation hazards are minimal.
Eye: Similar silicone fluids are non-irritating to eyes. A slight transient irritation is possible.
Skin: Similar silicone fluids are non-irritating to intact and abraded skin.
Ingestion: Animal tests for similar silicone fluids suggest very low acute oral toxicity.
Carcinogenicity: IARC lists Crystalline Silica (Quartz) as a possible carcinogen.
Medical Conditions Aggravated by Long-Term Exposure: No Data Found

Section 4 - First Aid Measures

Inhalation: Remove source(s) of contamination and move victim to fresh air. Contact physician immediately.
Eye Contact: Flush eyes with plenty of water. If irritation persists, seek medical attention.
Skin Contact: In case of skin contact, wash thoroughly with soap and water; remove contaminated clothing and launder before reuse; seek medical attention if rash develops.
Ingestion: Do not induce vomiting unless instructed by a physician. Contact physician immediately.

After first aid, get appropriate in-plant, paramedic, or community medical support.
Section 5 - Fire-Fighting Measures

Flash Point: >300 °F
Flash Point Method: PMCC
LEL: Not Established
UEL: Not Established
Flammability Classification: Non-Flammable
Extinguishing Media: Dry Chemical, Carbon Dioxide, and Foam
Unusual Fire or Explosion Hazards: None
Fire-Fighting Instructions: Fire fighters should wear self-contained breathing apparatus. Do not release runoff from fire control methods to sewers or waterways.
Fire-Fighting Equipment: Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full facepiece operated in pressure-demand or positive-pressure mode.

Section 6 - Accidental Release Measures

Spill /Leak Procedures: Dike and contain spill; absorb or scrape up excess into suitable container for disposal. Stop or reduce discharge if it can be done safely.
Regulatory Requirements: Follow applicable OSHA regulations (29 CFR 1910.120).

Section 7 - Handling and Storage

Handling Precautions: Minimize breathing of vapors and avoid prolonged or repeated contact with skin. Wear proper protective equipment. Use good general housekeeping procedures.
Storage Requirements: Store in cool dry, well-ventilated area.

Section 8 - Exposure Controls / Personal Protection

Engineering Controls:
Ventilation: Provide general or local exhaust ventilation systems to maintain airborne concentrations below OSHA PELs (Sec. 2). Local exhaust ventilation is preferred because it prevents contaminant dispersion into the work area by controlling it at its source.

Administrative Controls:
Protective Clothing/Equipment: Wear chemically protective gloves. Wear protective eyeglasses per OSHA eye and face protection regulations (29 CFR 1910.133). Contact lenses are not eye protective devices. Appropriate eye protection must be worn instead of, or in conjunction with contact lenses.
Comments: Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics.
Section 9 - Physical and Chemical Properties

**Physical State:** Viscous Liquid

**Appearance:**
- OOMOO 30 Red viscous liquid
- OOMOO 25 Green viscous liquid

**Odor:** Sweet odor

**Vapor Pressure:** None (Polymeric Resin)

**Vapor Density (Air=1):** >1

**Specific Gravity (H2O=1, at 4 °C):** 1.18

**Water Solubility:** Insoluble

**Boiling Point:** None (Polymeric Resin)

**% Volatile:** Nil

**Freezing/Melting Point:** None (Polymeric Resin)

**Viscosity:** 200 poise

**Evaporation Rate:** Not Applicable

Section 10 - Stability and Reactivity

**Stability:** These products are stable at room temperature in closed containers under normal storage and handling conditions.

**Polymerization:** Hazardous polymerization can not occur.

**Chemical Incompatibilities:** Strong bases, and acids.

**Hazardous Decomposition Products:** Silica, carbon monoxide and carbon dioxide

Section 11 - Toxicological Information

**Eye Effects:** Irritation

**Skin Effects:** Irritation

**Carcinogenicity:** None Determined

**Mutagenicity:** None Determined

**Teratogenicity:** None Determined

Section 12 - Ecological Information

None Established

Section 13 - Disposal Considerations

**Disposal:** Must be disposed of in accordance with applicable Federal, state and local regulations.

Section 14 - Transport Information

**DOT**
- Not Regulated

**IATA**
- Not Regulated

**IMDG**
- Not Regulated

Section 15 - Regulatory Information

**EPA Regulations:**

- RCRA Hazardous Waste Number: Not listed (40 CFR 261.33)

- CERCLA Hazardous Substance (40 CFR 302.4) listed specific per RCRA, Sec. 3001; CWA, Sec. 311 (b)(4); CWA, Sec. 307(a), CAA, Sec. 112

- SARA EHS (Extremely Hazardous Substance) (40 CFR 355): None
Section 15 - Regulatory Information

| TSCA Inventory Status (40 CFR710): All components of this formulation are listed in the TSCA Inventory |

State Regulations:

California Proposition 65: These products do not contain any chemicals, which have been identified by the state of California to cause cancer, birth defects or other reproductive harm.

Florida, Massachusetts, Minnesota, Pennsylvania and Washington Substance List:
