Material Safety Data Sheet
May be used to comply with OSHA’s Hazard Communication Standard, 29 CFR 1910.1200. Standard must be consulted for specific requirements. 

IDENTITY (As Used on Label and List)
NO. 1775-3 RUBBER CEMENT THINNER

Section I

Manufacturer’s Name
DURAL COMPANY INC.
Address (Number, Street, City, State, and ZIP Code)
5724 W. FLORENT AVE

MILWAUKEE, WI 53218

Emergency Telephone Number
414-466-7060

Section II – Hazardous Ingredients/Identity Information

Hazardous Components (Specific Chemical Identity; Common Name(s))

Section IV – Fire and Explosion Information

FLAME POINT (TCC )
-22.8 DEG F

EXPLOSIVE LIMIT (PRODUCT)
LOWER - 1.0% EXTINGUISHING MEDIA; REGULAR FOAM OR CARBON DIOXIDE OR DRY CHEMICAL.

HAZARDOUS DECOMPOSITION PRODUCTS; MAY FORM TOXIC MATERIALS, CARBON DIOXIDE AND CARBON MONOXIDE, VARIOUS HYDROCARBON, ETC.

FIREFIGHTING PROCEDURES; WEAR SELF-CONTAINED BREATHTNG APPARATUS WITH A FULL FACEPIECE OPERATED IN THE POSITIVE PRESSURE DEWAR MODE WHEN FIGHTING FIRES.

SPECIAL FIRE & EXPLOSION HAZARDOUS MATERIAL IS HIGHLY VOLATILE AND HEAVILY FIRED OF OFF NAPVOR WHICH MAY HAVE FLOW ALONG THE GROUND OR BE MOVED BY VENTILATION AND/or

IGNITED BY pilot LIGHTS, OTHER FLAMES, SPARKS, HEATERS, SMOKING, ELECTRIC TOOLS, STATIC DISCHARGE, OR OTHER IGNITION SOURCES AT LOCATIONS Distant FROM MATERIAL HANDLING POINT.

NEVER USE WELDING OR CUTTING TORCH OR NEAR OIL (EVEN EMPTY) BECAUSE PRODUCT EVENS JUST RESIDUAL CAN IGNITE EXPLODINGLY.

ALL FIVE GALLON PAINT AND LARGER METAL CONTAINERS INCLUDING TANK CARS AND TANK TRUCKS SHOULD BE GROUND AND/OR BONDED WHEN MATERIAL IS TRANSFERRED.

NEPA CODES; HEALTH & FLAMMABILITY - 0, REACTIVITY- 0.
Effects of Acute Overexposure: For Product

**Eyes**: Can cause severe irritation; redness, tearing, blurred vision.

**Skin**: Prolonged or repeated contact can cause moderate irritation, defatting.

**Breathing**: Excessive inhalation of vapors can cause nasal and respiratory irritation, central nervous system effects including dizziness, weakness, fatigue, nausea, headache and possible unconsciousness, and even death. Swallowing can cause extrathoracic irritation, nausea, vomiting, and diarrhea. Aspiration of material into the lungs can cause chemical pneumonitis which can be fatal.

**First Aid**: 

If on skin, thoroughly wash exposed area with soap and water. Remove contaminated clothing before re-use.

If in eyes: flush with large amounts of water, lifting upper and lower lids occasionally, get medical attention.

If swallowed, do not induce vomiting. Keep person warm, quiet, and get medical attention. Aspiration of material into the lungs due to vomiting can cause chemical pneumonitis which can be fatal.

If breathed: If affected, remove individual to fresh air. If breathing is depressed, administer oxygen. If breathing has stopped, give artificial respiration. Keep person warm, quiet and get medical attention.

**Primary Route(s) of Entry**: 

**Inhalation**

**Skin Contact**

Effects of Chronic Overexposure: For Product

Prolonged and repeated exposure to m-xylene may damage peripheral nerve tissue (sensory and motor) and result in muscular weakness and loss of sensation in the extremities (peripheral neuropathy).

Overexposure to this material (or its components) has been suggested as a cause of the following effects in humans: central nervous system effects

---

**Hazardous Polymerization**: Cannot occur

**Stability**: Stable

**Incompatibility**: Avoid contact with: strong oxidizing agents.

---

**Steps to Be Taken in Case Material Is Released or Spilled**

**Small Spill**: Absorb liquid on paper, vermiculite, floor absorbent, or other absorbent material and transfer to hood.

**Large Spill**: Eliminate all ignition sources (flares, flames including pilot lights, electrical sparks). Person not wearing protective equipment should be excluded from area of spill until clean-up has been completed. Stop spill at source. Dig area of spill to prevent heaving. Pumps liquids to salvage tank source. Dispose of remaining liquids may be taken up on sand, clay, earth, floor absorbent, or other absorbent material and shoveled into containers.

**Waste Disposal Method**

**Small Spill**: Allow volatile portion to evaporate in hood. Allow sufficient time for vapors to completely clear hood before work. Dispose of remaining material in accordance with applicable regulations.

**Large Spill**: Destroy by liquid incineration. Contaminated absorbent may be disposed in a landfill in accordance with local, state and federal regulations.
Material Safety Data Sheet

May be used to comply with OSHA's Hazard Communication Standard, 29 CFR 1910.1200. Standard must be consulted for specific requirements.

THIS MATERIAL COMPLIES WITH 29 CFR 1910.1200 (THE HAZARD COMMUNICATION STANDARD)

RESPIRATORY PROTECTION: IF WORKPLACE EXPOSURE LIMIT(S) OF PRODUCT OR ANY COMPONENT IS EXCEEDED (SEE SECTION 8), A NIOSH/MSHA APPROVED AIR SUPPLIED RESPIRATOR IS ADVISED IN ABSENCE OF PROPER ENVIRONMENTAL CONTROL. OSHA REGULATIONS ALSO PERMIT OTHER NIOSH/MSHA RESPIRATORS (NEGATIVE PRESSURE TYPE) UNDER SPECIFIED CONDITIONS (SEE YOUR SAFETY EQUIPMENT SUPPLIER). ENGINEERING OR ADMINISTRATIVE CONTROLS SHOULD BE IMPLEMENTED TO REDUCE EXPOSURE.

VENTILATION: PROVIDE SUFFICIENT MECHANICAL (GENERAL AND/OR LOCAL EXHAUST)

VENTILATION TO MAINTAIN EXPOSURE BELOW TLV(s).

PROTECTIVE GLOVES: WEAR RESISTANT GLOVES SUCH AS, NITRILE RUBBER

EYE PROTECTION: CHEMICAL SPLASH SODDERS IN COMPLIANCE WITH OSHA REGULATIONS ARE ADVISED; HOWEVER, OSHA REGULATIONS ALSO PERMIT OTHER TYPE SAFETY GLASSES.

(CONSULT YOUR SAFETY EQUIPMENT SUPPLIER)

OTHER PROTECTIVE EQUIPMENT: TO PREVENT REPEATED OR PROLONGED SKIN CONTACT, WEAR IMPERVIOUS CLOTHING AND BOOTS.

CONTAINERS OF THIS MATERIAL MAY BE HAZARDOUS WHEN EMPTY, SINCE EMPTY CONTAINERS RETAIN PRODUCT RESIDUES (VAPOR, LIQUID, AND/OR SOLID). ALL HAZARD PRECAUTIONS GIVEN IN THE DATA SHEET MUST BE OBSERVED.

THE INFORMATION ACCUMULATED HEREIN IS BELIEVED TO BE ACCURATE BUT IS NOT WARRANTED TO BE WHETHER COMPLIANT WITH THE COMPANY OR NOT. RECIPIENTS ARE ADVISED TO CONFIRM IT IN ADVANCE OF NEED THAT THE INFORMATION IS CURRENT, APPLICABLE, AND SUITABLE TO THEIR CIRCUMSTANCES.
